Norwegian Endorsement of the Strategic Review of Offshore Helicopter Operations

The Norwegian CAA (N-CAA) congratulates the UK CAA with the thorough review of offshore helicopter operations. The review identifies and assigns many important actions and recommendations which we believe will strengthen the safety of offshore operations in the UK, Norway and potentially worldwide.

N-CAA thanks you for the invitation and opportunity to participate in the work with the review and look forward to the continued good cooperation with the UK CAA.

Yours sincerely
